

Declaration of micro-entity status for the purpose of fee reductions under Rule 7a(3) EPC.

European application Number: _____

The relevant fee(s) are:

Filing National phase entry Search Fee Exam & designation fee Grant Renewal

At the time of filing the European patent application (or entering the regional phase) each and every applicant will qualify/qualified as a micro-entity under Rule 7a(3) EPC because they are microenterprise, natural person, non-profit organisation, university, or public research organisation.

At the time of paying the relevant official fee each and every applicant qualifies as a micro-entity under Rule 7a(3) EPC.

Please identify each applicant and, for each applicant the category to which they belong (microenterprise, natural person, non-profit organisation, university, or public research organisation)

At the date of filing the European patent application (or entering the regional phase), none of the applicants have filed five or more European patent applications or Euro-PCT applications within a period of five years preceding that date.

I make a declaration that the above statements are true and the eligibility requirements for a discount under R7a(3) EPC are fulfilled. I acknowledge that I may be required to provide evidence that the statements are true. I also acknowledge that the consequence of an incorrect declaration as to eligibility, whether intentional or not, may be withdrawal of the European patent application. I will inform Swindell & Pearson Ltd of any change to micro-entity status or change in beneficial ownership immediately.

I am authorized by the applicant(s) to authorize Swindell & Pearson to make a declaration of micro-entity status on the applicant(s) behalf for the purpose of fee reductions under Rule 7a(3) EPC.
